

# Haiti Promise/Law Card SWAPS

**Thank you for downloading these Country Promise/Law Card SWAPS from [SWAPS4Free!](#)**

For every 9 SWAPS you wish to make, you will need to print one copy of the page below. I recommend printing on cardstock for durability, but plain printer paper will also work in a pinch. This is a two-sided SWAP, meaning you will print the first side (p2), and then feed the same page through to print the second side (p3).

Printers are different, so you will need to check your printer settings or experiment to make sure that everything is going the right direction.

Carefully cut apart the cards, using the black lines on one side of the sheet as your guide.

You will also need a pin for each SWAP you intend to make. If you have a mini hole punch, pick a top corner and punch a hole, before slipping the pin through. If you do not have a hole puncher, you can simply push the pin through.

You can find more detailed instructions on my blog, including photos to help with assembly.
